

The distances and timings for the walks are approximate. Leaders may need to amend walks to take account of the size of the group, weather conditions and other changed circumstances.

All the walks are graded.

• **Harder** walks are generally at least 6 miles in length. They will cross rough ground, go over stiles and usually include many inclines (some steep) **so require walkers to have a good level of fitness.**

• **Moderate** walks are shorter, may cross rough ground, will include some inclines and may go over stiles.

All the walks will be led by trained volunteer walk leaders.

Walkers should wear suitable boots and clothing and also bring food and drinks for the longer walks.

As many of the routes will cross fields containing grazing livestock, **dogs are not permitted** on the walks.
